

This document must be retained for future reference.

It is the responsibility of the person installing the electrical equipment to ensure that the installation meets the requirements of the IET wiring regulations and is therefore 'fit for purpose'. Factors such as correct selection of components, cable sizing, protective devices and Earth bonding are all critical and should be checked prior to full testing and power-up. Any other regulations applicable to the equipment being installed such as the Machinery Directive and current health and safety legislation must also be adhered to.

All connections (including factory made) must be checked for the correct tightness prior to commissioning of the electrical installation.
All connections should also be inspected periodically to ensure correct tightness.

DO NOT USE POWER TOOLS ON THESE PRODUCTS

PB520158C

- Insulated enclosure made from ABS plastic
- Quick turn screws and hinged transparent lid

Features

External height	200mm
External width	155mm
External depth	80mm
Weight	0.34kg
Degree of protection	IP55
Mounting plate width	127mm
Mounting plate height	172mm
